## About Me

---

I'm a software developer and business graduate from Hamburg, Germany. Initially drawn to business administration, I discovered my passion for technology, which led me to Tokyo, Japan. There, I developed my coding skills while embracing cultural challenges. With tenacity and dedication, I thrive on collaborating with diverse teams to achieve common goals and bringing ideas into reality.

## Education

---

01/2024 – 03/2024 Tokyo, Japan	<b>Fullstack Web Development Bootcamp</b> <i>LeWagon Tokyo</i> 9-week intensive training of the technical skills needed for a successful career in tech, learning how to develop great products in teams using modern workflows.
2020 – 2023 Hamburg, Germany	<b>Bachelor's Degree in Business Administration - Final Grade: 1.8</b> <i>University of Hamburg</i> A 3-year program that equips students with a comprehensive understanding of business principles and practices, covering areas such as finance, marketing, management, and entrepreneurship.
09/2022 – 01/2023 Groningen, Netherlands	<b>Erasmus Exchange</b> <i>University of Groningen</i>
2020 Hamburg, Germany	<b>Abitur - Final Grade: 1.4</b> <i>Matthias-Claudius-Gymnasium</i>

## Projects

---

### Quanki [🔗](#)

A web app built with React to create a quiz from a PDF file (e.g. lecture slides).

### CIET - Can I Eat This? [🔗](#)

A mobile app built with Ruby on Rails that helps you to find out if the ingredients on a foreign food label match your dietary restriction, e.g., vegetarian.

### Images to Trailer [🔗](#)

Turns still images into small video clips for advertisement trailers. Built for Rebase at the Builders Weekend Hackathon using Morph and Stability AI. The project was awarded one of the prizes at the event.
